

Pour + Play

An overview:

Interactive station where guests create craft cocktails with the leadership of Plat 99's mixology team
Guests will learn about the cocktail making process
Information about the spirits, modifiers, and juices involved will be conveyed throughout the interaction
Guests will walk away with the ability to create delicious cocktails

How it works:

Guests approach interactive station that is set with all ingredients
Guests will select a cocktail to create and will be lead through the building and presentation of the cocktail
Sweet Modifiers vs. Other Modifiers

Acid choices

Garnishes

Rocks or not

Guests will be encouraged to enjoy the cocktail and take the recipe so they can recreate at home!

Why it works:

Every classic cocktail has lasted the test of time because of the balance of spirit, acid, sweet, and various other flavor modifiers.

Taste is individual, so "balance" may vary from creator to creator

The goal is to help learn through experimentation and hopefully an introduction into some new flavors
